

JV Clark School Newsletter

Hello

February

We have a lot happening in February and this past January was a super way to start 2026!

Our first Friday of the month 'Bake Sale' was again successful, raising \$187 which went towards the 'Lights Out' basketball tournament this past week where our team combined with four players from Eliza Van Bibber School, and performed admirably under the bright lights in Whitehorse and were perfect ambassadors for Mayo.

Of course report cards went out a few weeks ago so that might be good news or not so good news for some! We also had a very good turnout for the 'student-led conferences' with 45 meetings taking place. Thanks for attending, families!

We have some great staffing news to share as well. Ms. Gripton, our kindergarten teacher, was to receive her YG Long Service Award but icy road conditions prevented her from attending the ceremony in Whitehorse so we held an impromptu celebration one afternoon last week.

Congratulations, Ms. Amy, for 10 great years and here's to the next 10!

Upcoming Events - February
