A February Poem:

The Brook in February

A snowy path for squirrel and fox,
It winds between the wintry firs.
Snow-muffled are its iron rocks,
And o'er its stillness nothing stirs.
But low, bend low a listening ear!
Beneath the mask of moveless white
A babbling whisper you shall hear—
Of birds and blossoms, leaves and light.

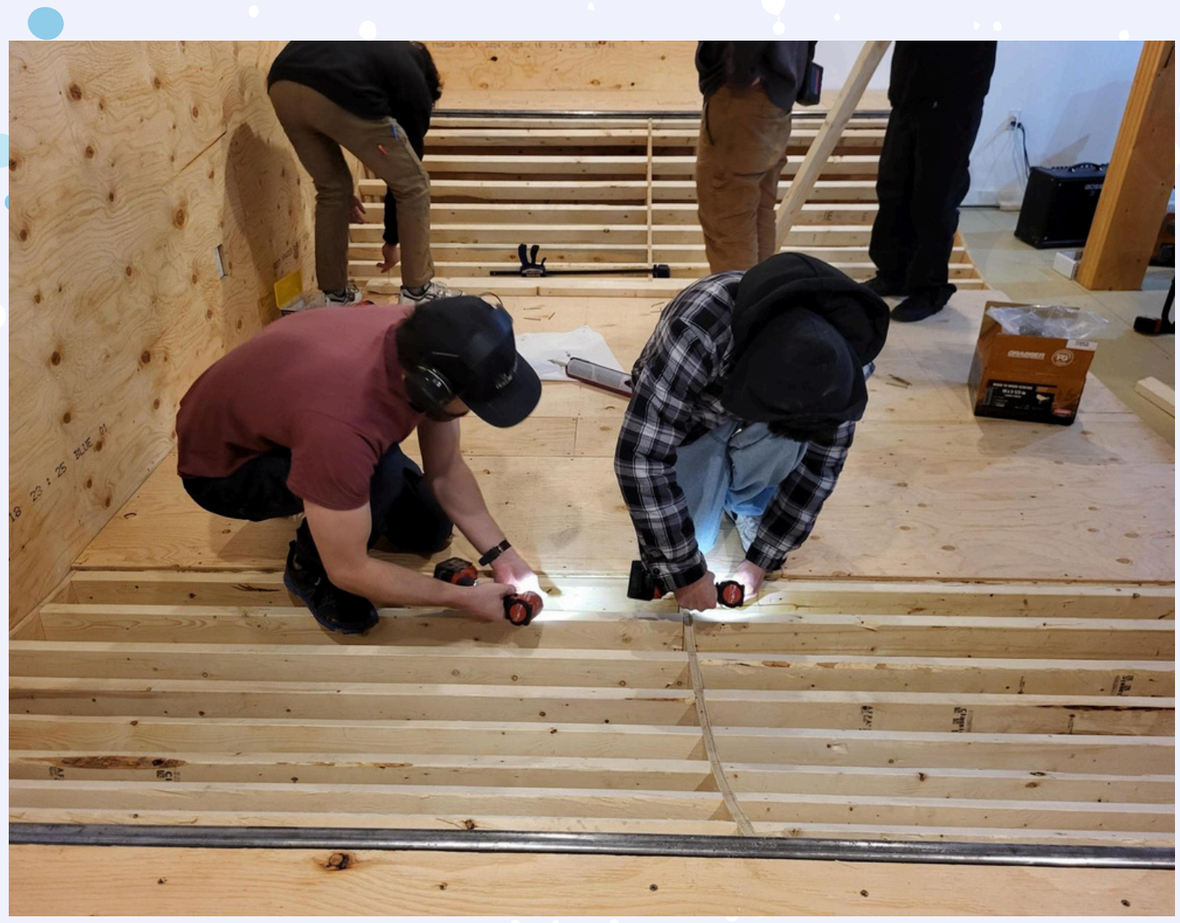
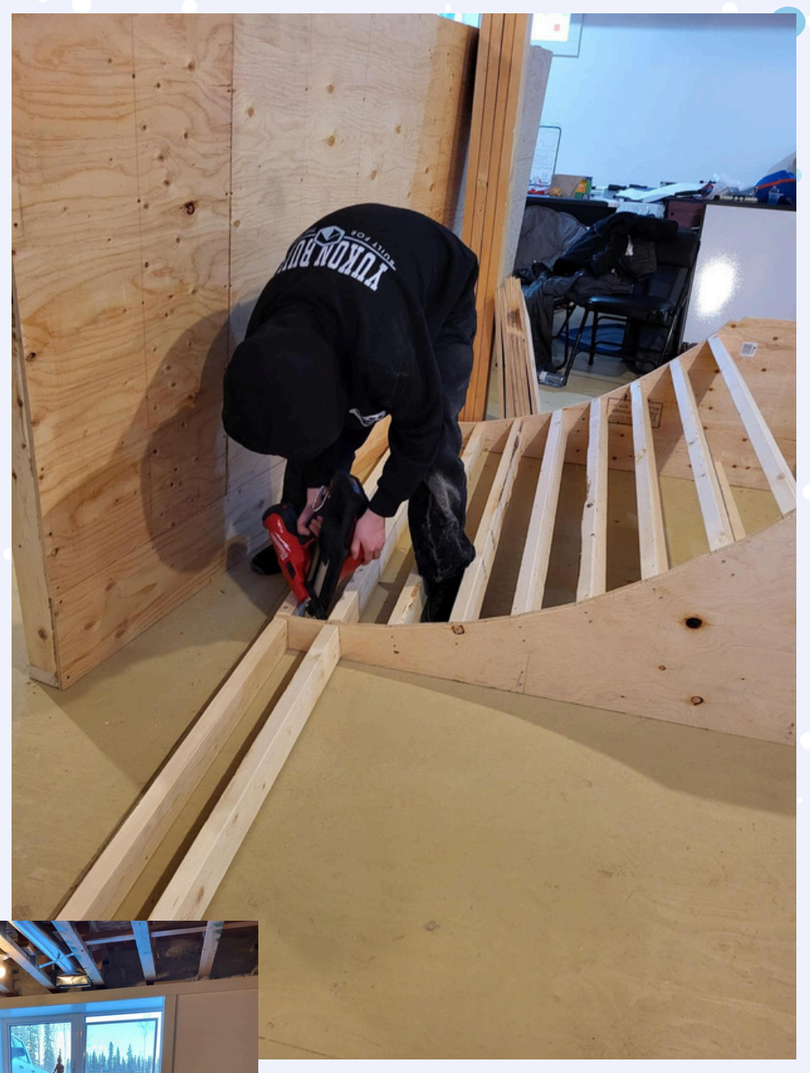
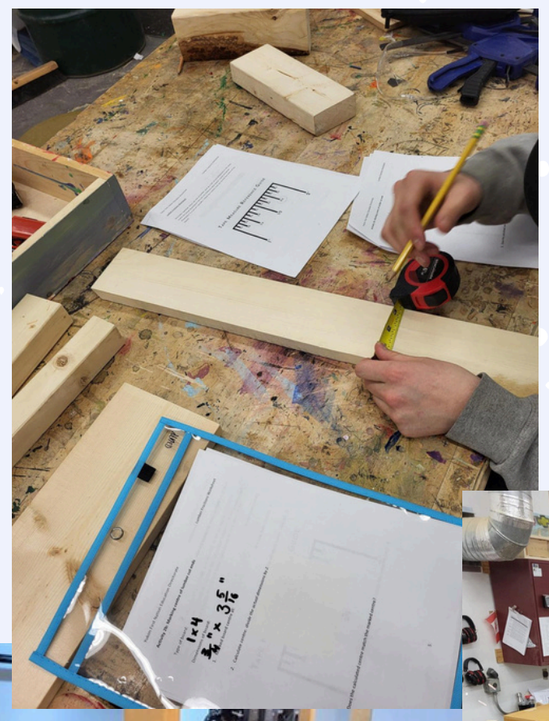
January news






In January, our friendly neighourhood team from YNFED - Jona, Ashwin, Olly and Sofia - after months of preparation and planning came equipped with lumber, supplies and equipment to make a half-pipe skateboard ramp at the NND youth centre involving our high school woodshop students. It is no easy task to make a half-pipe as it involves complex measurements, cutting angles and curves and precise carpentry - but our high school students pulled it off - ably assisted by the aforementioned YNFED team members. The photos on this page bear witness to this great effort.
